

Adam Foxter

PROFILE

Reliable, organised filmmaking student looking for runner work on film sets. I have organised crew and actors for my own productions, including a shoot in Poland, and I am quick to solve problems on the spot. I hold a Category B driving licence and a UK drone Flyer ID, speak Polish and English natively, and want to learn from every department on set.

RELEVANT EXPERIENCE

- **What Tomorrow Brings (2026), director and writer.** Travelled to Poland to organise and coordinate an external crew and a group of actors, handling shooting-day and location logistics and writing the shot list. Tutor feedback noted a "tremendous amount of preparation and pre-production planning".
- **Sons of a War (2025).** Wrote, directed, shot, edited and sound-designed a short war drama on location with actors.
- **II Spear and Shield Tournament (2024).** Filmed a medieval festival tournament in Poland on commission and cut a promotional video.
- **Other productions.** Sound recordist and designer on Dishes (2026), sound recordist on Those Who Shape Rally (2025), editor and gaffer on Static Whispers (2025).
